Ana Cecília Giorgi Manente advises on matters related to foreign investments in Brazil and Brazilian investments abroad, including foreign exchange and tax aspects. She represents domestic and international clients in the structuring and negotiation of asset and equity acquisition transactions, as well as in international corporate and project financing transactions, with a focus on collateral structuring and tax efficiency. She also assists in the structuring and formation of different types of investment funds in Brazil and abroad and advises on matters related to financial system and capital markets regulation, including public securities offerings.
