Luiz Alfredo Paulin works in the banking and financial transactions area, with a focus on administrative sanction proceedings initiated by the Central Bank of Brazil (BCB) and the Brazilian Securities and Exchange Commission (CVM), as well as appeals before the National Financial System Appeals Council (CRSFN). Throughout his professional career, he has worked in the public sector and at financial institutions, with experience in administrative litigation within the financial system. He has also held legal leadership positions in the federal public administration and served as a professor in undergraduate and graduate law programs.
